

PROJECT HELP AUTHORIZATION

I want to help a needy family pay for their electric service. The Electric Board of Guntersville is hereby authorized to add the amount I have shown below to my electric bill each month until I notify them to discontinue this authorization.

I understand that all money given this way will go into the Project Help fund and will be used in full to pay the electric bill for someone in the Guntersville area who is unable to pay because of an emergency, crisis or other real need in the family.
